

## Nexus Sliding Door Locks

### Nexus™ Mortise Locks Versatile and Strong

The Nexus Lock System from Truth Hardware is the latest in two-point and multi-point lockset options for sliding patio doors. Combining both versatility and ease of installation, the Nexus System is suitable for either wood or vinyl door applications. Two-point system is available in either stainless steel or carbon steel, while the Multi-Point System is offered in stainless steel as a standard. Each system has unique individually adjustable locking points to provide additional forgiveness and increased security.

### Nexus™ Multi-Point System

shown with three individually adjustable locking points.

### Nexus™ Two-Point System

- 1 Innovative anti-slam pin adjusts in and out with the hook adjustment to ensure that when the pin is engaged the hook will engage the keeper.
- 2 Intuitive adjustment feature clearly indicates how to horizontally adjust the lock hooks allowing for flexibility in installation.
- 3 Nexus Two-Point Mortise Locks are available in either a flush mount, face mount (16mm or 20mm euro groove) or recessed application. Face mount shown here.
